

Artist Submission Instructions

1

1-Set up your phone to film yourself.

- Use a tripod so it is steady.
- Landscape/horizontal format.
- Use a microphone if possible.
- Eliminate background noise.
- Declutter your background or choose a location with a simple background.
- Place the camera so it shows waist up (not too far away and not too close)

2

2-Film yourself answering questions.

- Choose a minimum of 3 questions from the list or add your own.
- Hit record, PAUSE, then state the question. Then PAUSE, and then answer the question. When you have finished answering the question, PAUSE and remain looking in the camera, then do the same thing with the next question.
- If you mess up, simply stop, PAUSE, then restart again.
- (All of the pauses give us a place to edit.)

3

3-Film yourself doing an acoustic performance of your song.

- Test your sound. If you have a mic designed for conversation, sometimes it does not sound good for singing.
- Hit record, PAUSE, then say your name and the name of the song. Then play your song. Keep recording and look into the camera and hold the last note until the end. Then stop record.

4

4-Prepare your assets & upload.

- Gather your videos, any other live performance videos, music videos, song (mp3), headshot, bio and logo.
- Fill out the form located [HERE](#).
- You can share a Dropbox or Google Drive link or upload assets directly on the form.
